

# *Emulsion PRO*<sup>™</sup>

ADVANCED OIL & WATER WOOD FLOOR FINISH

## **Emulsion PRO<sup>™</sup> delivers the rich look of traditional oil**

with the advantages of  
waterbased finishes.

Emulsion PRO provides  
the ease of application  
you need along with  
superior performance over  
conventional oils allowing  
floors to be coated in less  
time. Emulsion PRO is ideal  
for heavy traffic residential,  
commercial and sports  
floors. Emulsion PRO  
delivers a professional look  
while bringing the beauty  
out of your wood floor.

## Emulsion PRO™ offers what so many other waterbased coatings lack:

rich, warm, amber tones of an oil-based finish! Emulsion PRO is self-sealing and has a dual cure (oxidative and internal) crosslinking system that provides better durability, adhesion, hardness and sandability over common oil finishes.

Emulsion PRO brings out the natural beauty of your wood floors.

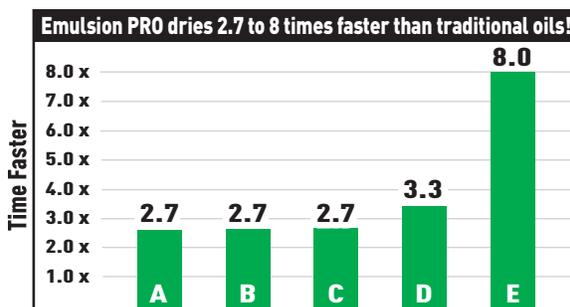

## PROFESSIONAL INNOVATION

Emulsion PRO is designed for the wood coating professional and provides excellent defoaming coupled with maximum leveling that makes the toughest jobs easy. Emulsion PRO is a versatile, self-sealing, dual cure polyurethane offering fast dry times, water clean up and superior durability common oil based products lack. For decades, Basic Coatings® has always been “Where Great Finishes Start”. We provide innovative products and unsurpassed support for wood floor finish contractors all across the United States in residential, commercial and sports floor markets.

## EMULSION PRO...THE BEST OF BOTH WORLDS

- ◆ Enhances the beauty of exotic woods
- ◆ Professional Grade leveling and defoaming
- ◆ Dual Cure offers outstanding durability with superior scuff and chemical resistance
- ◆ Low VOC and Low odor formulation
- ◆ Available in: Gloss, Satin, Semi-Gloss and Super Matte

Emulsion PRO dries 2.7 x faster than Competitor A, B, C\*  
Emulsion PRO dries 3.3 x faster than Competitor D\*  
Emulsion PRO dries 8.0 x faster than Competitor E\*
