Rethinking Sports Floors

Basic Coatings® offers a complete range of sports floor systems. Whether you are looking for game-changing waterbased stains, sealers, and finishes, or simply trying to apply products faster while getting floors back into service quicker, we have solutions! If your sports floor is new, requires a sanding / staining facelift, or just needs an annual recoat, we offer systems that can provide the traditional look of oil or modern designs. Once completed, our line of cleaners and equipment are there to protect and prolong the life of your floor.

HyperTone™ Stains and Tints

- Proprietary water/oil hybrid technology
- Low odor
- Non-flammable; stain rags of this product will not spontaneously combust
- Easy to apply; easy to clean up
- Fast drying
- Excellent for maple, oak, and all wood floor species
- Available in 14 standard colors; including primary colors
- Can be mixed and matched for custom colors
- Can be used as tints in approved Basic Coatings waterbased finishes
- Available in Gallons and/or Pints

HyperTone™ Stains apply beautifully on maple gym floors and our primary colors (Blue, Red, Yellow) provides for endless color options.

Maintenance & Refinishing

In addition to routine maintenance products, the TyKote® Dust-Free Refinishing System is the only true dust-free recoating process. TyKote serves as a bonding enhancing agent between the existing finish and the top coat to give you confidence that your floor will perform. This easy and proven 3-step system will get your customers back on their floor faster without the mess of traditional methods.

- Easy, proven 3-step process
- Less prep and clean-up
- Fast: Recoat today, play tomorrow
- Dust free

I.F.T.

Intensive Floor Treatment

B1111-4312 (4 - 1 Gal.); B1111-0512 (5 Gal. Pail)

- Deep, intensive cleaning
