COATINGS

WHY BASIC COATINGS?

For nearly 30 years, Basic Coatings has delivered American-made finishes trusted for their durability, consistency, and real-world performance.

"They don't cut corners. They build high-performance coatings, improve them every day, and stand behind them."

"They're continuously refining their products to make every job easier, every finish better, and every result more consistent."

FUN FACT

Did you know that Basic Coatings is the originator of water-based wood floor finishes, made right here in the United States?
